Classy lightening rods

Last Updated: Friday, November 9th, 2012, Created: Monday, September 24th, 2001

For those of you who have decided that your house needs the protection of a grid of lightning rods, we took a look at a company that provides the basic service, but decorates it into something classy looking on the roof. Custom Cupola & Steeple Co in Oakville, Ontario make just about anything you need in metal for your roof, including decorative lightning rods.
