Tip -- Ironing Board as a saw support

Last Updated: Tuesday, November 13th, 2012, Created: Tuesday, February 19th, 2002

Do you need an adjustable support table for the boards hanging off the edge of your miter saw? How about an old ironing board. It is totally adjustable in height and easy to store away. [Click here for a lot more about "wings for your miter saw"](#).
