Embossed Tin Ceiling Installation

Last Updated: Friday, September 15th, 2000, Created: Friday, September 15th, 2000

Embossed Tin Ceilings are still made today. In this segment of the TV show we demonstrated just how easy they are to install. Ed Ries was the installer.

You can order standard or custom tin ceiling panels from Brian Greer in Petersburg, Ontario, made just like they were a hundred years ago.
