# Winter Emergency Kit for your Car

Last Updated: Thursday, March 28th, 2013, Created: Thursday, September 14th, 2000

In this segment on my TV show we showed several commercial and home made winter emergency kits. The common elements are: some form of first aid kit red flashers or reflectors a flash light Candles aluminum foil for warmth a colorful distress flag - to show up against white snow

**Keywords:**

Vehicle, Emergency, Environmental
